Ecron Acunova to offer end-to-end capabilities as 'Navitas Life Sciences'

Navitas Life Sciences will consolidate capabilities of legacy brands Ecron Acunova, Navitas and Intelent

Bangalore, 09 June 2017: Ecron Acunova (EA), a fully owned subsidiary of TAKE Solutions and a globally recognized full service CRO with Clinical and BA/BE expertise, announced that it would be consolidating its capabilities with TAKE's niche Life Sciences brand Navitas and Intelent to form a unified go-to-market brand – “Navitas Life Sciences”.

Ecron Acunova began its journey in 2005 as Manipal Acunova and went on to acquire the German-headquartered Ecron in 2007, bringing together a strong culture of ethical operations and quality focus. In 2016, EA became a part of TAKE Solutions - a global Life Sciences expert - expanding its footprint across Europe, APAC and the Americas.

EA has since grown from strength to strength in its capacity as a Clinical expert, having conducted over 1300 studies including Bioavailability & Bioequivalence (BA/BE), NIS, and phase II – IV in its state-of-the-art audited facilities. In response to an evolving and dynamic industry, EA's significant Clinical capabilities will now be augmented by legacy brands Navitas's technology led solutions across Clinical, Regulatory and Safety, and Intelent's big data and analytics expertise to form the 360 degree service provider Navitas Life Sciences. The unified Navitas Life Sciences will serve as an end-to-end strategic partner for Life Sciences companies to help them address their critical challenges and achieve their desired outcomes.

Dr. Ayaaz Hussain Khan, Managing Director, Ecron Acunova, said, “Capitalizing on the phenomenal growth opportunities in the Life Sciences industry calls for diverse capabilities. The unification of Ecron Acunova, Navitas and Intelent will enable a seamless consolidation of capabilities in the form of Navitas Life Sciences, which will enable us to offer clients a full-service coverage of the Pharma and Biotech R&D market to carry forward our legacy of servicing patients across the world.”

Srinivasan H.R., Vice Chairman & Managing Director TAKE Solutions said, “We are proud to bring together all of our Life Sciences assets as “Navitas Life Sciences” to present our client with truly transformational, flexible and adaptable end-to-end offerings. In addition to our technology driven offerings and insights derived from our world-class proprietary industry networks, our clients now also be able to benefit from the consolidated brand's proven clinical capabilities and trial experiences.” He added, “With this coming together of capabilities, Navitas Life Sciences is poised to offer its clients the best combination of industry expertise, data and analytics-driven insights and a motivated global team to deliver sustainable and valuable outcomes.”

Driving Better Outcomes Through Insights

About Navitas Life Sciences

Navitas Life Sciences, a wholly owned subsidiary of TAKE Solutions, works as a strategic partner for large and mid-sized Life Sciences organizations to address critical challenges and achieve desired outcomes. Navitas' technology-led Life Sciences services are augmented with the full-service CRO with Clinical & BA/BE capabilities, and Life Sciences data analytics expertise of legacy brands Ecron Acunova and Intelent to deliver flexible, scalable and innovative solutions for its global clients.

As a strategic partner, Navitas leverages industry insights and domain expertise to develop and implement consulting, technology and functional services across the spectrum of Clinical, Regulatory and Safety, to innovative and create value to address the needs of the industry uniquely. Navitas Life Sciences brings together the proven expertise of its legacy brands to create a positive business impact and drive better outcomes for clients.
